SUMMARY SECTION

F/m Investments Large Cap Focused Fund

Investment Objective

The investment objective of F/m Investments Large Cap Focused Fund (the “Fund”) is long-term growth of capital.

Expenses and Fees

This table describes the fees and expenses that you may pay if you buy, hold, and sell shares of the Fund (the “Shares”). **You may pay other fees, such as brokerage commissions and other fees to financial intermediaries, which are not reflected in the tables and examples.**

Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)	Investor Class	Institutional Class
Management Fees ⁽¹⁾	0.70%	0.70%
Distribution and/or Service (12b-1) Fees	0.25%	None
Other Expenses ⁽²⁾	0.18%	0.18%
Acquired Fund Fees and Expenses ⁽³⁾	0.01%	0.01%
Total Annual Fund Operating Expenses	1.14%	0.89%

(1) The F/m Investments Large Cap Focused Fund (the “Predecessor Fund”), a series of F/m Funds Trust, reorganized into the Fund following the close of business on October 27, 2023. Unless otherwise indicated, references to the “Fund” in this Prospectus refers to the Predecessor Fund and Fund.

(2) “Other Expenses” have been restated to reflect expenses estimated to be incurred for the Fund for the current fiscal year. Accordingly, the Total Annual Fund Operating Expenses shown in the above table will differ from the Ratio of Net Expenses to Average Net Assets included in the “Financial Highlights” section of the Prospectus, which reflects the operating expenses of the Predecessor Fund for the fiscal year ended June 30, 2023.

(3) “Acquired Fund Fees and Expenses” are indirect fees and expenses that the Fund incurs from investing in the shares of other mutual funds, including money market funds and exchange traded funds, and are estimated for the current fiscal year.

Example

This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The Example assumes that you invest \$10,000 in the Fund for the time periods indicated, reinvest dividends and distributions, and then hold or redeem all of your Shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same (taking into account the contractual expense limitation until its expiration). Although your actual costs may be higher or lower, based on these assumptions your costs would be:

	1 Year	3 Years	5 Years	10 Years
Institutional Class	\$91	\$284	\$493	\$1,096
Investor Class	\$116	\$362	\$628	\$1,386

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in Total Annual Fund Operating Expenses or in the Example, affect the Fund’s performance. Portfolio turnover may vary from year to year, as well as within a year. During the most recent fiscal year, the Fund and Predecessor Fund’s portfolio turnover rate was 113% of the average value of its portfolio.

Summary of Principal Investment Strategies

The Fund's principal investment objective is long-term growth of capital. The Fund seeks to achieve its investment objective by purchasing equity securities that the Adviser believes are likely to appreciate. F/m Investments, LLC (the "Adviser") will focus on companies that exhibit accelerating growth in earnings and revenue. The Adviser generally seeks to purchase equity securities of large capitalization U.S. companies, and may purchase American Depositary Receipts ("ADRs") of international companies trading on U.S. exchanges. The Fund may invest across different industries and sectors. The Fund will invest at least 80% of its net assets in securities of large capitalization companies. The Fund considers large capitalization companies to include those that have a market capitalization, at the time of investment, comparable to the securities held in the S&P 500[®] Index. As of August 31, 2023, the S&P 500[®] Index included U.S. companies with a median market capitalization of \$30.97 billion. The market capitalization of the companies in the S&P 500 Index ranged from \$424 million to \$2.95 trillion as of August 31, 2023. At times, the Fund may emphasize investment in a particular industry or sector. As of June 30, 2023, the Fund had approximately 50.5% of its net assets invested in stocks within the technology sector.

The Adviser uses quantitative screens to evaluate liquidity, capitalization, domicile, and desired risk attributes to determine an initial universe of large capitalization companies from which the Fund may invest. The Adviser then uses a quantitative process to evaluate company fundamentals and stock price trends of the investment candidates. Macroeconomic influences on portfolio candidates are considered before selecting the final securities for purchase in the portfolio. The Adviser considers whether to sell a particular security when the security receives declining scores from the Adviser's proprietary model or the security causes the Fund's portfolio to be exposed to unintended risks.

The periodic reconstitution and rebalancing of the portfolio according to the Fund's quantitative investment strategy may result in significant portfolio turnover. A higher rate of portfolio turnover increases transaction expenses, which may negatively affect the Fund's performance. High portfolio turnover also may result in the realization of substantial net short-term capital gains, which, when distributed, are taxable to shareholders. With respect to any percentage restriction on investment or use of assets in the Fund's investment strategies, if such a percentage restriction is adhered to at the time a transaction is affected, a later increase or decrease in such percentage resulting from changes in values of securities or loans or amounts of net assets or security characteristics will not be considered a violation of the restriction. Any such changes in percentages do not require the sale of a security, but rather the Adviser will consider which action is in the best interest of the Fund and its shareholders, including the sale of the security.

The Fund is a "non-diversified" fund, which means it can invest in fewer securities at any one time than a diversified fund.

Summary of Principal Risks

Risk is inherent in all investing. The value of your investment in the Fund, as well as the amount of return you receive on your investment, may fluctuate significantly from day to day and over time. You may lose part or all of your investment in the Fund or your investment may not perform as well as other similar investments. The Fund's principal risks are presented in alphabetical order to facilitate finding particular risks and comparing them with other funds. Each risk summarized below is considered a "principal risk" of investing in the Fund, regardless of the order in which it appears. Different risks may be more significant at different times depending on market conditions or other factors.

Cyber Security Risk. Cyber security risk is the risk of an unauthorized breach and access to Fund assets, Fund or customer data (including private shareholder information), or proprietary information, or the risk of an incident occurring that causes the Fund, Adviser, custodian, transfer agent, distributor and other service providers and financial intermediaries to suffer data breaches, data corruption or lose operational functionality or prevent Fund investors from purchasing, redeeming or exchanging shares or receiving distributions. The Fund and Adviser have limited ability to prevent or mitigate cyber security incidents affecting third-party service providers, and such third-party service providers may have limited indemnification obligations to the Fund or Adviser. Successful cyber-attacks or other cyber-failures or events affecting the Fund or its service providers may adversely impact and cause financial losses to the Fund or its shareholders. Issuers of securities in which the Fund invests are also subject to cyber security risks, and the value of these securities could decline if the issuers experience cyber-attacks or other cyber-failures.

Depository Receipts Risk - Depository receipts are generally subject to the same risks as the foreign securities they evidence or into which they may be converted. In addition to investment risks associated with the underlying issuer, depository receipts expose the Fund to additional risks associated with the non-uniform terms that apply to depository receipt programs, credit exposure to the depository bank and to the sponsors and other parties with whom the depository bank establishes the programs, currency risk and liquidity risk. The issuers of unsponsored depository receipts are not obligated to disclose information that is, in the United States, considered material. Therefore, there may be less information available regarding these issuers and there may not be a correlation between such information and the market value of the depository receipts.

Equity Securities Risk - The price of equity securities fluctuates based on changes in a company's activities and financial condition and in overall market conditions. Economic, political, and financial conditions, or industry or economic trends or developments, may for varying periods of time cause volatility, illiquidity, or other potentially adverse effects in the markets. The Fund's investments in equity securities expose it to sudden and unpredictable drops in value and the potential for extended periods of lackluster performance.

Foreign Securities Risk - Foreign investments may be affected by changes in a foreign country's exchange rates, political and social instability, changes in economic or taxation policies, difficulties enforcing obligations, decreased liquidity, and increased volatility. Foreign companies may be subject to less regulation resulting in less publicly available information about the companies.

Large Cap Security Risk - Larger capitalization companies may be unable to respond quickly to new competitive challenges, such as changes in technological developments and consumer tastes, have fewer opportunities to expand the market for their products or services, and may not be able to attain the high growth rate of successful smaller companies.

Market Risk - Market risk refers to the risk that the value of securities in the Fund's portfolio may decline due to daily fluctuations in the securities markets, including fluctuation in interest rates, national and international economic conditions, and general equity market conditions.

Economies and financial markets throughout the world have become interconnected which increases the possibility that economic, financial or political events in one sector or region could have potentially adverse effects on global economies or markets. For example, Russia's military invasion of Ukraine, the responses and sanctions by other countries, and the potential for wider military conflicts or war, could continue to have adverse effects on regional and global economies, and may further strain global supply chains, and negatively affect global growth and inflation. Natural or environmental disasters or climate related events, such as earthquakes, fires, floods, hurricanes and tsunamis, and widespread disease, including pandemics and epidemics, have been and can be highly disruptive to economies and the markets. For example, the outbreak of an infectious respiratory illness caused by a novel coronavirus, known as COVID-19, and efforts to contain its spread, have resulted, and may continue to result in labor shortages, supply chain disruptions, lower consumer demand for certain products and services, and significant disruptions to economies and markets, adversely affecting individual companies, sectors, industries, interest rates and investor sentiment.

Management Style Risk - The Fund intends to invest in growth-oriented stocks and the Fund's performance may at times be better or worse than that of similar funds with other focuses or that have a broader investment style. There is no guarantee that the Adviser's investment techniques and risk analyses, including its reliance on quantitative models, will produce the intended results.

Sector Risk - Sector risk is the possibility that a certain sector may perform differently than other sectors or as the market as a whole. Although the Fund does not intend to concentrate its investments in any particular sector or sectors, the Fund may emphasize investments in one or more sectors, which may cause the Fund to have increased relative exposure to the price movements of those sectors. At times when the Fund emphasizes a particular sector, the value of its net assets will be more susceptible to the financial, market or economic events affecting that sector than would be the case for mutual funds that do not emphasize investment in a particular sector. This may increase the risk of loss associated with an investment in the Fund and increase the volatility of the Fund's share price. As of June 30, 2023, the Fund had approximately 50.5% of its net assets invested in stocks within the technology sector. The values of securities of companies in the technology sector may be significantly affected adversely by competitive pressures, short product cycles, aggressive pricing and rapid obsolescence of existing technologies and products.

Portfolio Turnover Risk - The periodic reconstitution and rebalancing of the portfolio according to the Fund's quantitative investment strategy may result in significant portfolio turnover. High portfolio turnover (*e.g.*, an annual rate greater than 100% of the average value of the Fund's portfolio) involves correspondingly greater expenses to the Fund and may adversely affect the Fund's performance.

Risk of Non-Diversification - The Fund is a non-diversified portfolio, which means that it has the ability to take larger positions in a smaller number of securities than a portfolio that is "diversified." Non-diversification increases the risk that the Fund's share price could decrease to a larger extent than a Fund that is diversified because of the poor performance of a single investment.

Fund Performance

The Fund was reorganized following the close of business on October 27, 2023, to acquire the assets and liabilities of the Predecessor Fund, in exchange for shares of the Fund. Accordingly, the Fund is the successor to the Predecessor Fund, and the following performance information shown prior to October 30, 2023, is that of the Predecessor Fund. The Fund has an investment objective, strategies and policies substantially similar to the Predecessor Fund, which was also advised by the Adviser.

The Predecessor Fund adopted the past performance of the F/m Investments Large Cap Focused Fund, a series of IDX Funds, (the "Original Fund") as its own and the bar chart and performance tables include the performance of the Original Fund prior to January 18, 2022.

The following performance information provides some indication of the risks of investing in the Fund by showing changes in the Predecessor Fund from year to year. The chart assumes reinvestment of dividends and distributions. The bar chart shows the performance of the Institutional Class shares for each full calendar year over the lifetime of the Predecessor Fund. The performance table shows how the Predecessor Fund's average annual total returns for one year, five years, and since inception periods compare with those of a broad measure of market performance.

The table below compares the average annual returns of the Predecessor Fund for the one year, five year, and since inception periods to a broad-based market index for the same periods. The performance of the Original Fund through April 2020 reflects its performance under the previous adviser. Performance of the Original Fund from April 2020 through January 18, 2022 reflects the performance of the Adviser. Performance information represents only past performance, before and after taxes, and does not necessarily indicate future results. Updated performance information is available by visiting www.fm-funds.com or by calling 1-888-553-4233.

TOTAL RETURNS FOR THE CALENDAR YEARS ENDED DECEMBER 31

Institutional Class

Annual Total Returns (Years Ended December 31)

During the period shown in the chart, the highest quarterly return was 30.29% (for the quarter ended June 30, 2020) and the lowest quarterly return was -23.00% (for the quarter ended June 30, 2022). The year-to-date total return through September 30, 2023 was 23.06%.

AVERAGE ANNUAL TOTAL RETURNS FOR THE PERIODS ENDED DECEMBER 31, 2022

	1 Year	5 Years	Since Inception (October 3, 2016)
Institutional Class Shares			
Return Before Taxes	-31.44%	10.28%	12.56%
Return After Taxes on Distributions	-33.80%	6.57%	8.87%
Return After Taxes on Distributions and Sale of Fund Shares	-16.92%	7.66%	9.34%
Investor Class Shares			
Return Before Taxes	-31.60%	10.01%	12.29%
Russell 1000 Growth Index (reflects no deduction for fees, expenses, or taxes)	-29.14%	10.96%	13.61%
S&P 500 Index (reflects no deduction for fees, expenses, or taxes)	-18.11%	9.42%	11.66%

After-tax returns are calculated using the historical highest individual Federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor's tax situation and may differ from those shown. In certain cases, the figure representing "Return after Taxes on Distributions and Sale of Fund Shares" may be higher than the other return figures for the same period, since a higher after-tax return results when a capital loss occurs upon redemption and provides an assumed tax deduction that benefits the investor. After-tax returns shown are not relevant to investors who hold their Fund shares through tax-deferred arrangements such as 401(k) plans or individual retirement accounts. After-tax returns are shown for Institutional Class Shares only, and the after-tax returns for Investor Shares will vary to the extent it has different expenses.

Management of the Fund

Investment Adviser

F/m Investments, LLC is the investment adviser of the Fund.

Portfolio Managers

<i>Name</i>	<i>Title with Adviser</i>	<i>Tenure with the Fund and Predecessor Fund</i>
Francisco J. Bido	Senior Vice President and Senior Portfolio Manager	Since Inception
Alexander Morris	Chief Investment Officer	Since 2020

Purchase and Sale of Fund Shares

	<i>Minimum Initial Investment</i>	<i>Subsequent Minimum Investment</i>
Investor Class	\$1,000	None
Institutional Class	\$100,000	None

Investors generally may meet the minimum investment amount for the Institutional Class by aggregating multiple accounts within the Fund if desired. Account minimums may be waived for accounts held by clients of the Adviser or for certain other accounts, at the discretion of the Adviser.

You can purchase and redeem shares of the Fund only on days the New York Stock Exchange (“NYSE”) is open. Shares of the Fund may be available through certain brokerage firms, financial institutions and other industry professionals (collectively, “Service Organizations”). Certain features of the shares, such as the initial and minimums and certain trading restrictions, may be modified or waived by Service Organizations, as further detailed in the section entitled “Purchase of Fund Shares – Purchases Through Intermediaries.” Shares of the Fund may also be purchased and redeemed directly through The RBB Fund, Inc. (the “Company”) by the means described below.

Purchase and Redemption By Mail:

F/m Investments Large Cap Focused Fund
c/o U.S. Bank Global Fund Services
P.O. Box 701
Milwaukee, WI 53201-0701

Overnight Mail:
F/m Investments Large Cap Focused Fund
c/o U.S. Bank Global Fund Services
615 East Michigan Street
Milwaukee, WI 53202-5207

Purchase By Wire:

Before sending any wire, call U.S. Bancorp Fund Services, LLC, doing business as U.S. Bank Global Fund Services (the “Transfer Agent”) at 1-888-553-4233 to confirm the current wire instructions for the Fund.

Redemption By Telephone:

Call the Transfer Agent at 1-888-553-4233.

Taxes Information

Except for tax-advantaged retirement plans and accounts and other tax-exempt investors, you will be subject to tax to the extent the Fund makes distributions of ordinary income or net capital gains. Distributions may be taxable upon withdrawal from retirement accounts.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase shares of the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund Shares and other related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary’s website for more information.

ADDITIONAL INFORMATION ABOUT THE FUND'S PRINCIPAL INVESTMENT OBJECTIVE, INVESTMENT STRATEGIES AND RELATED AND RISKS

This section provides some additional information about the Fund's investments and certain portfolio management techniques that the Fund may use. More information about the Fund's investments and portfolio management techniques, and related risks, is included in the Statement of Additional Information ("SAI"). This Prospectus describes the Fund's principal investment strategies, and the Fund will normally invest in the types of securities described in this Prospectus. In addition to the investments and strategies described in this Prospectus, the Fund also may invest, to a lesser extent, in other securities, use other strategies and engage in other investment practices that are not part of its principal investment strategy. These investments and strategies, as well as those described in this Prospectus, are described in detail in the Fund's SAI. There is no guarantee that the Fund will achieve its investment objective.

INVESTMENT OBJECTIVE

The Fund's principal investment objective is long-term growth of capital.

The investment objective of the Fund may be changed without shareholder approval. If a decision is made to change the Fund's investment objective, shareholders will be provided with at least 60 days' advance written notice of the change.

PRINCIPAL INVESTMENT STRATEGIES

The Fund seeks to achieve its investment objective by purchasing equity securities that the Adviser believes are likely to appreciate. The Adviser will focus on companies that exhibit accelerating growth in earnings and revenue. The Adviser generally seeks to purchase equity securities of large capitalization U.S. companies, and may purchase American Depositary Receipts ("ADRs") of international companies trading on U.S. exchanges. The Fund may invest across different industries and sectors. The Fund will invest at least 80% of its net assets in securities of large capitalization companies. The Fund's 80% policy may be changed by the Board of Directors of the Company (the "Board") without shareholder approval. Shareholders will, however, receive 60 days' prior notice of any changes. The Fund considers large capitalization companies to include those that have a market capitalization, at the time of investment, comparable to the securities held in the S&P 500[®] Index. As of August 31, 2023, the S&P 500[®] Index included U.S. companies with a median market capitalization of \$30.97 billion. The market capitalization of the companies in the S&P 500 Index ranged from \$424 million to \$2.95 trillion as of August 31, 2023. At times, the Fund may emphasize investment in a particular industry or sector. As of June 30, 2023, the Fund had approximately 50.5% of its net assets invested in stocks within the technology sector.

The Adviser uses quantitative screens to evaluate liquidity, capitalization, domicile, and desired risk attributes to determine an initial universe of large capitalization companies from which the Fund may invest. The Adviser then uses a quantitative process to evaluate company fundamentals and stock price trends of the investment candidates. Macroeconomic influences on portfolio candidates are considered before selecting the final securities for purchase in the portfolio. The Adviser considers whether to sell a particular security when the security receives declining scores from the Adviser's proprietary model or the security causes the Fund's portfolio to be exposed to unintended risks.

The periodic reconstitution and rebalancing of the portfolio according to the Fund's quantitative investment strategy may result in significant portfolio turnover. A higher rate of portfolio turnover increases transaction expenses, which may negatively affect the Fund's performance. High portfolio turnover also may result in the realization of substantial net short-term capital gains, which, when distributed, are taxable to shareholders.

The Fund is a "non-diversified" fund, which means it can invest in fewer securities at any one time than a diversified fund.

PRINCIPAL RISKS

Cyber Security Risk. With the increased use of technologies such as the internet to conduct business, the Fund is susceptible to operational, information security and related risks. In general, cyber incidents can result from deliberate attacks or unintentional events. Cyber-attacks include, but are not limited to, gaining unauthorized access to digital systems (*e.g.*, through “hacking” or malicious software coding) for purposes of misappropriating assets or sensitive information, corrupting data, or causing operational disruption. Cyber-attacks may also be carried out in a manner that does not require gaining unauthorized access, such as causing denial-of-service attacks on websites (*i.e.*, efforts to make network services unavailable to intended users). Cyber security failures or breaches by the Fund’s Adviser and other service providers (including, but not limited to, Fund accountant, custodian, transfer agent and administrator), and the issuers of securities in which the Fund invests, have the ability to cause disruptions and impact business operations, potentially resulting in financial losses, interference with the Fund’s ability to calculate its NAV, impediments to trading, the inability of Fund shareholders to transact business, violations of applicable privacy and other laws, regulatory fines, penalties, reputational damage, reimbursement or other compensation costs, or additional compliance costs. In addition, substantial costs may be incurred in order to prevent any cyber incidents in the future. While the Adviser has established business continuity plans in the event of, and risk management systems to prevent, such cyber-attacks, there are inherent limitations in such plans and systems including the possibility that certain risks have not been identified. Furthermore, the Fund cannot control the cyber security plans and systems put in place by service providers to the Fund and issuers in which the Fund invests, and such third-party service providers may have limited indemnification obligations to the Fund or Adviser. The Fund and its shareholders could be negatively impacted as a result. Issuers of securities in which the Fund invests are also subject to cyber security risks, and the value of these securities could decline if the issuers experience cyber-attacks or other cyber-failures.

Depository Receipts Risk. Investment in depository receipts may be subject to some of the same risks as direct investment in foreign companies, which includes international trade, currency, political, regulatory and diplomatic risks. Depository receipts may be available through “sponsored” or “unsponsored” facilities. A sponsored facility is established jointly by the issuer of the security underlying the receipt and the depository, whereas an unsponsored facility is established by the depository without participation by the issuer of the underlying security. Holders of unsponsored depository receipts generally bear all of the costs of the unsponsored facility. The depository of an unsponsored facility is frequently under no obligation to distribute shareholder communications received from the issuer of the deposited security or to pass through, to the holders of the receipts, voting rights with respect to the deposited securities. The depository of unsponsored depository receipts may provide less information to receipt holders.

Equity Securities Risk. The price of equity securities fluctuates based on changes in a company’s activities and financial condition and in overall market conditions. Economic, political, and financial conditions, or industry or economic trends or developments, may for varying periods of time cause volatility, illiquidity, or other potentially adverse effects in the markets. The Fund’s investments in equity securities expose it to sudden and unpredictable drops in value and the potential for extended periods of lackluster performance.

Foreign Securities Risk. Securities of companies located outside the U.S. involve additional risks that can increase the potential for losses in the Fund to the extent that it invests in these securities. Investments in foreign securities may be affected by currency controls and exchange rates; different accounting, auditing, financial reporting, and legal standards and practices; expropriation; changes in tax policy; greater market volatility; differing securities market structures; higher transaction costs; and various administrative difficulties, such as delays in clearing and settling portfolio transactions or in receiving payment of dividends.

- *Special Risks Related to Foreign Securities.* Foreign securities involve special risks and costs, which are considered by the Adviser in evaluating the creditworthiness of issuers. Foreign securities fluctuate in price because of political, financial, social and economic events in foreign countries (including, for example, military confrontations, war and terrorism). A foreign security could also lose value because of more or less stringent foreign securities regulations and less stringent accounting and disclosure standards. In addition, foreign markets may have greater volatility than domestic markets and foreign securities may be less liquid and harder to value than domestic securities. Certain foreign markets may rely heavily on particular industries or foreign capital and are more vulnerable to diplomatic developments, the imposition of economic sanctions against a particular country or countries, organizations, entities and/or individuals, changes in international trading patterns, trade barriers, and other protectionist or retaliatory measures. International trade barriers or economic sanctions against foreign countries, organizations, entities and/or individuals may adversely affect the Fund's foreign holdings or exposures. Foreign securities, and in particular foreign debt securities, are sensitive to changes in interest rates. In addition, investment in the securities of foreign governments involves the risk that foreign governments may default on their obligations or may otherwise not respect the integrity of their debt. Investment in foreign securities may involve higher costs than investment in U.S. securities, including higher transaction and custody costs as well as the imposition of additional taxes by foreign governments. Foreign investments also may involve risks associated with the level of currency exchange rates, less complete financial information about the issuers, less market liquidity, more market volatility and political instability. Moreover, clearance and settlement procedures may differ from those in the U.S. and in certain markets such procedures have been unable to keep pace with the volume of securities transactions, thus making it difficult to conduct such transactions. Future political and economic developments, the possible imposition of withholding taxes on dividend income, the possible seizure or nationalization of foreign holdings, the possible establishment of exchange controls or freezes on the convertibility of currency, trade restrictions (including tariffs) or the adoption of other governmental restrictions might adversely affect an investment in foreign securities. Additionally, foreign banks and foreign branches of domestic banks may be subject to less stringent reserve requirements and to different accounting, auditing and recordkeeping requirements. The Adviser may determine not to invest in, or may limit the Fund's overall investment in, a particular issuer, country or geographic region due to, among other things, heightened risks regarding repatriation restrictions, confiscation of assets and property, expropriation or nationalization.
- *Developed Countries Investing Risk.* The Fund's investment in a developed country issuer may subject the Fund to regulatory, political, currency, security, economic and other risks associated with developed countries. Developed countries tend to represent a significant portion of the global economy and have generally experienced slower economic growth than some less developed countries. In addition, developed countries may be impacted by changes to the economic conditions of certain key trading partners, regulatory burdens, debt burdens and the price or availability of certain commodities.

Developed countries generally tend to rely on services sectors (e.g., the financial services sector) as the primary means of economic growth. A prolonged slowdown in, among others, services sectors is likely to have a negative impact on economies of certain developed countries. Developed countries experienced a significant economic slowdown during the recent financial crisis. In the past, certain developed countries have been targets of terrorism. Acts of terrorism in developed countries or against their interests abroad may cause uncertainty in the financial markets and adversely affect the performance of the issuers to which a Fund has exposure. Heavy regulation of, among others, labor and product markets may have an adverse effect on certain issuers. Such regulations may negatively affect economic growth or cause prolonged periods of recession. Many developed countries are heavily indebted and face rising healthcare and retirement expenses. In addition, price fluctuations of certain commodities and regulations impacting the import of commodities may negatively affect developed country economies.

- *Russia/Ukraine Risk.* On February 24, 2022, Russia commenced military action in Ukraine. Russia's military interventions in Ukraine have led to, and may lead to additional sanctions being levied by the United States, EU and other countries against Russia. Russia's military incursion and the resulting sanctions could adversely affect global energy and financial markets and thus could affect the value of the Fund's investments, even beyond any direct exposure the Fund may have to Russian issuers or the adjoining geographic regions. The extent and duration of the military action, sanctions and resulting market disruptions are impossible to predict, but could be substantial. Any such disruptions caused by Russian military action or resulting sanctions may magnify the impact of other risks described in this Prospectus.

Large Cap Security Risk. Securities of companies with certain market capitalizations may perform differently from the equities markets generally. At times, large-cap companies may underperform as compared to small- or mid-capitalization companies, and vice versa. Larger, more established companies may be unable to respond to new competitive challenges such as changes in consumer tastes or innovative smaller competitors. The stocks of large capitalization companies as a group could fall out of favor with the market, causing the Fund to underperform investments that focus solely on small- or medium-capitalization stocks.

Market Risk. Market risk refers to the risk that the value of securities in the Fund's portfolio may decline due to daily fluctuations in the securities markets, including fluctuation in interest rates, national and international economic conditions, and general equity market conditions. Local, regional, and global events such as war, acts of terrorism, the spread of infectious diseases or other public health issues, recessions, or other events could have a significant impact on the Fund's investments.

Economies and financial markets throughout the world have become interconnected which increases the possibility that economic, financial or political events in one sector or region could have potentially adverse effects on global economies or markets. For example, Russia's military invasion of Ukraine, the responses and sanctions by other countries, and the potential for wider military conflicts or war, could continue to have adverse effects on regional and global economies, and may further strain global supply chains, and negatively affect global growth and inflation. Natural or environmental disasters or climate related events, such as earthquakes, fires, floods, hurricanes and tsunamis, and widespread disease, including pandemics and epidemics, have been and can be highly disruptive to economies and the markets. For example, the outbreak of an infectious respiratory illness caused by a novel coronavirus, known as COVID-19, and efforts to contain its spread, have resulted, and may continue to result in labor shortages, supply chain disruptions, lower consumer demand for certain products and services, and significant disruptions to economies and markets, adversely affecting individual companies, sectors, industries, interest rates and investor sentiment.

Pandemic Risk. Disease outbreaks that affect local economies or the global economy may materially and adversely impact the Fund, its investments and/or its operations. For example, uncertainties regarding the novel coronavirus (COVID-19) outbreak have resulted in serious economic disruptions globally. These types of outbreaks can be expected to cause severe decreases in core business activities such as manufacturing, purchasing, tourism, business conferences and workplace participation, among others. These disruptions lead to instability in the marketplace, including stock market losses and overall volatility, as has occurred in connection with COVID-19. In the face of such instability, governments may take extreme and unpredictable measures to combat the spread of disease and mitigate the resulting market disruptions and losses. The Adviser has in place business continuity plans reasonably designed to ensure that it maintains normal business operations, and the Adviser periodically tests those plans. However, in the event of a pandemic or an outbreak, there can be no assurance that the Adviser or the Fund's service providers will be able to maintain normal business operations for an extended period of time or will not lose the services of key personnel on a temporary or long-term basis due to illness or other reasons. The full impacts of a pandemic or disease outbreaks, including new variants, are unknown, resulting in a high degree of uncertainty for potentially extended periods of time. Although vaccines for COVID-19 are available, the full impacts of a pandemic or disease outbreaks are unknown and the pace of recovery may vary from market to market, resulting in a high degree of uncertainty for potentially extended periods of time.

Portfolio Turnover. The periodic reconstitution and rebalancing of the portfolio according to the Fund's quantitative investment strategy may result in significant portfolio turnover. This may lead to the realization and distribution to shareholders of higher capital gains, increasing their tax liability. A portfolio turnover rate of 100% is considered to be high. Frequent trading may also increase transaction costs, which could detract from the Fund's performance.

Risk of Non-Diversification. The Fund is non-diversified, which means that it may invest a high percentage of its assets in a limited number of securities. Since the Fund is non-diversified, its net asset value, market price and total returns may fluctuate or fall more than a diversified fund. As a non-diversified fund, the Fund has a greater potential to realize losses upon the occurrence of adverse events affecting a particular issuer.

Sector Risk. Sector risk is the possibility that a certain sector may perform differently than other sectors or as the market as a whole. Although the Fund does not intend to concentrate its investments in any particular sector or sectors, the Fund may emphasize investments in one or more sectors, which may cause it to have increased relative exposure to the price movements of those sectors. At times when the Fund emphasizes a particular sector, the value of its net assets will be more susceptible to the financial, market or economic events affecting that sector than would be the case for mutual funds that do not emphasize investment in a particular sector. This may increase the risk of loss associated with an investment in the Fund and increase the volatility of the Fund's share price. As of June 30, 2023, the Fund had approximately 50.5% of its net assets invested in stocks within the technology sector. The values of securities of companies in the technology sector may be significantly affected adversely by competitive pressures, short product cycles, aggressive pricing and rapid obsolescence of existing technologies and products.

- *Information Technology Sector Risk.* The information technology sector includes companies in the software and services, technology hardware and equipment, and semiconductors and semiconductor equipment industry groups. Companies in the information technology sector are subject to rapid obsolescence of existing technology, short product cycles, falling prices and profits, competition from new market entrants, and general economic conditions. Stocks of companies in the information technology sector, especially those of smaller, less-seasoned companies, tend to be more volatile than the overall market. Technological developments, fixed rate pricing, and the ability to retain skilled employees can significantly affect the industries in the information technology sector. Additionally, success in the internet services and infrastructure industry is subject to continued demand for internet services.

NON-PRINCIPAL RISKS

Please review the SAI for more information about additional non-principal types of securities in which the Fund may invest and their associated risks.

Temporary Defensive Positions. The Fund may, from time to time, take temporary defensive positions that are inconsistent with the Fund's principal investment strategies in an attempt to respond to adverse market, economic, political, or other conditions. For example, when the Adviser believes that market conditions are unfavorable for profitable investing, or is otherwise unable to locate attractive investment opportunities, the Fund's cash or similar investments may increase. During such an unusual set of circumstances, the Fund may hold up to 100% of its portfolio in cash or cash equivalent positions. When the Fund takes a temporary defensive position, the Fund may not participate in market advance or declines to the same extent that it would if the Fund remained more fully invested, and the Fund may not be able to achieve its investment objective.

U.S. Government Securities. U.S. Government securities are subject to varying degrees of credit risk, depending upon whether the securities are supported by the full faith and credit of the U.S. Government, the ability to borrow from the U.S. Treasury, or only by the credit of the issuing U.S. Government agency, instrumentality or corporation. There is no assurance that the U.S. Government will provide financial support to U.S. Government agencies, instrumentalities or sponsored entities if it is not obligated to do so by law, and it is possible that these issuers will not have the funds to meet their payment obligations.

Disclosure of Portfolio Holdings

A description of the Company's policies and procedures with respect to the disclosure of the Fund's portfolio securities is available in the SAI. The SAI is incorporated herein.

MANAGEMENT OF THE FUND

Investment Adviser

F/m Investments LLC serves as the investment adviser to the Fund. Its primary business address is 3050 K Street, N.W., Suite 201, Washington, DC 20007. The Adviser's primary business is to provide a variety of investment management services to registered investment companies. The Adviser is responsible for providing a continuous program of investing the Fund's assets and determining the portfolio composition of the Fund. F/m is wholly owned by F/m Acceleration which in turn is wholly owned by Diffractive Managers Group ("Diffractive"), a multi-boutique asset management company.

Management Fees

In return for providing management services to the Fund, the Fund pays the Adviser a monthly fee at an annual rate of 0.70% of the Fund's average daily net assets. During the most recent fiscal year ended June 30, 2023, the Predecessor Fund paid investment advisory fees (after fee reductions) to the Adviser equal to 0.44% of its average daily net assets. The Adviser may pay certain financial institutions (which may include banks, brokers, securities dealers and other industry professionals) a fee for providing distribution related services and/or for performing certain administrative servicing functions for Fund shareholders to the extent these institutions are allowed to do so by applicable statute, rule or regulation.

The Adviser has contractually agreed to reduce its investment advisory fee and to absorb Fund expenses to the extent necessary to limit total annual operating expenses (excluding interest, taxes, acquired fund fees and expenses, distribution and/or service fees, brokerage commissions, dividend expenses on short sales, and other expenditures which are capitalized in accordance with generally accepted accounting principles and other extraordinary expenses not incurred in the ordinary course of the Fund's business) to an amount not exceeding a percentage of average daily net assets of 1.15% for Investor Class shares and 0.90% for Institutional Class shares through December 31, 2025. Any such fee reductions by the Adviser or payments by the Adviser of expenses which are the Fund's obligation, are subject to repayment by the Fund for a period of 3 years following the date such fees were reduced or expenses were paid, provided that the repayment does not cause the Fund's total annual operating expenses to exceed the foregoing expense limits as of the time of either the waiver or the reimbursement. The Adviser has the right to seek reimbursement from the Fund for amounts up to the aggregate amount that the Adviser had waived or reimbursed the Predecessor Fund under an expense limitation agreement with the Predecessor Fund for the three-year period ending after the specific fee waiver or reimbursement, but only if such reimbursement can be achieved without exceeding the expense limitation in place at the time of the waiver or reimbursement.

A discussion regarding the basis for the Board of Directors' approval of the Fund's investment advisory agreement with the Adviser will be included in the Fund's first annual or semi-annual shareholder report.

Portfolio Managers

The SAI contains additional information about the portfolio managers' compensation, other accounts managed by the portfolio managers, and the portfolio managers' ownership of shares of the Fund.

Francisco J. Bido. Mr. Bido has managed the Fund since 2023 and the Predecessor Fund since its inception in 2016. He is Senior Vice President and Senior Portfolio Manager at F/m Investments, LLC since April 2020 and was Head of Quantitative Research at Cognios Capital, LLC. Mr. Bido received his M.S. and M.A. degrees in Applied Mathematics and Economics, respectively, from the University of Arizona, M.S. in Mathematics from New York University's Courant Institute, and B.S. in Electromechanical Engineering from Pontificia Universidad Catolica Madre y Maestra.

Alexander Morris. Mr. Morris has managed the Fund since 2023 and the Predecessor Fund since April 2020. He is a founder, President and Chief Investment Officer of the Adviser and F/m Acceleration, LLC, an investment adviser support service provider, and has worked at both firms since 2019. He has been a director of Key Bridge Compliance, LLC, a compliance service provider, since January 2019. He was a Managing Director of Vestmark Advisory Solutions, Inc. from April 2016 until September 2019. Mr. Morris holds a Bachelor of Science degree in Chemical and Biomolecular Engineering from Cornell University and is an active mentor of start-up businesses.

SHAREHOLDER INFORMATION

Pricing of Fund Shares

Investor Class and Institutional Class shares are priced at their net asset value (“NAV”). The NAV of each class of the Fund’s Share is calculated as follows:

$$\text{NAV} = \frac{\text{Value of Assets Attributable to the Class} - \text{Value of Liabilities Attributable to the same Class}}{\text{Number of Outstanding Shares of the Class}}$$

The Fund’s NAV is calculated once daily at the close of regular trading hours on the NYSE (generally 4:00 p.m. Eastern time) on each day the NYSE is open. Due to the fact that different expenses are charged to the Institutional Class and Investor Class shares, the NAV of the two classes of the Fund may vary. The NYSE is generally open Monday through Friday, except national holidays. The NYSE also may be closed on national days of mourning or due to natural disaster or other extraordinary events or emergency. Due to the fact that different expenses are charged to each class of Shares, the NAV of each class of the Fund may vary. The Fund will effect purchases of Shares at the NAV next calculated after receipt by the Transfer Agent of your purchase order in good order. The Fund will effect redemptions of Shares at the NAV next calculated after receipt by the Fund’s Transfer Agent of your redemption request in good order as described below.

The Fund’s equity securities listed on any national or foreign exchange market system will be valued at the last sale price, except for the National Association of Securities Dealers Automatic Quotation System (“NASDAQ”). Equity securities listed on the NASDAQ will be valued at the official closing price. Equity securities traded in the over-the-counter market are valued at their closing prices. If there were no transactions on that day, equity securities will be valued at the mean of the last bid and ask prices prior to the market close. Fixed income securities are valued using an independent pricing service, which considers such factors as security prices, yields, maturities and ratings, and are deemed representative of market value at the close of the market. Foreign securities, currencies and other securities denominated in foreign currencies are translated into U.S. dollars at the exchange rate of such currencies against the U.S. dollar provided by a pricing service. All assets denominated in foreign currencies will be converted into U.S. dollars at the exchange rates in effect at the time of valuation. If the Fund holds foreign equity securities, the calculation of the Fund’s NAV will not occur at the same time as the determination of the value of the foreign equities securities in the Fund’s portfolio, since these securities are traded on foreign exchanges.

Investments in other open-end investment companies are valued based on the NAV of those investment companies (which may use fair value pricing as discussed in their prospectuses). Investments in exchange-traded funds, REITs and closed-end funds will be valued at their market price.

If market quotations are unavailable or deemed unreliable by the Fund’s administrator, in consultation with the Adviser, securities will be valued by the Adviser, as valuation designee, in accordance with procedures adopted by the Board and under the Board’s ultimate supervision. In addition, the prices of foreign securities may be affected by events that occur after the close of a foreign market but before the Fund prices its Shares. In such instances, a foreign security may be fair valued in accordance with procedures adopted by the Board. Relying on prices supplied by pricing services or dealers or using fair valuation involves the risk that the values used by the Fund to price its investments may be higher or lower than the values used by other investment companies and investors to price the same investments.

Market Timing

In accordance with the policy adopted by its Board, the Company discourages and does not accommodate market timing and other excessive trading practices. Purchases should be made with a view to longer-term investment only. Excessive short-term (market timing) trading practices may disrupt portfolio management strategies, increase brokerage and administrative costs, harm Fund performance and result in dilution in the value of Shares held by long-term shareholders. The Company and the Adviser reserve the right to (i) reject a purchase or exchange order, (ii) delay payment of immediate cash redemption proceeds for up to seven calendar days, (iii) revoke a shareholder's privilege to purchase Shares (including exchanges), or (iv) limit the amount of any exchange involving the purchase of Shares. An investor may receive notice that their purchase order or exchange has been rejected after the day the order is placed or after acceptance by a financial intermediary. It is currently expected that a shareholder would receive notice that its purchase order or exchange has been rejected within 48 hours after such purchase order or exchange has been received by the Company in good order. The Company and the Adviser will not be liable for any loss resulting from rejected purchase orders. To minimize harm to the Company and its shareholders (or the Adviser), the Company (or the Adviser) will exercise its right if, in the Company's (or the Adviser's) judgment, an investor has a history of excessive trading or if an investor's trading, in the judgment of the Company (or the Adviser), has been or may be disruptive to the Fund. No waivers of the provisions of the policy established to detect and deter market timing and other excessive trading activity are permitted that would harm the Fund and its shareholders or would subordinate the interests of the Fund and its shareholders to those of the Adviser or any affiliated person or associated person of the Adviser.

Pursuant to the policy adopted by the Board, the Adviser has developed criteria that it uses to identify trading activity that may be excessive. The Adviser reviews on a regular, periodic basis available information related to the trading activity in the Fund in order to assess the likelihood that the Fund may be the target of excessive trading. As part of its excessive trading surveillance process, the Adviser, on a periodic basis, examines transactions that exceed certain monetary thresholds or numerical limits within a period of time. If, in its judgment, the Adviser detects excessive, short-term trading, it may reject or restrict a purchase request and may further seek to close an investor's account with the Fund. The Adviser may modify its surveillance procedures and criteria from time to time without prior notice regarding the detection of excessive trading or to address specific circumstances. The Adviser will apply the criteria in a manner that, in its judgment, will be uniform.

If necessary, the Company may prohibit additional purchases of Shares by a financial intermediary or by certain customers of the financial intermediary. Financial intermediaries may also monitor their customers' trading activities in the Fund. The criteria used by intermediaries to monitor for excessive trading may differ from the criteria used by the Company. If a financial intermediary fails to enforce the Company's excessive trading policies, the Company may take certain actions, including terminating the relationship.

There is no assurance that the Fund will be able to identify market timers, particularly if they are investing through intermediaries.

Purchase of Fund Shares

Shares representing interests in the Fund are offered continuously for sale by Quasar Distributors, LLC (the "Distributor").

General. You may also purchase Shares of the Fund at the NAV per Share next calculated after your order is received by the Transfer Agent in good order as described below. The Fund's NAV is calculated once daily at the close of regular trading hours on the NYSE (generally 4:00 p.m. Eastern time) on each day the NYSE is open. After an initial purchase is made, the Transfer Agent will set up an account for you on the Company records. The minimum initial investment in Investor Class Shares is \$1,000, and the minimum initial investment for Institutional Class Shares is \$100,000. There is no subsequent investment minimum. Institutional Class shares are available only to institutional investors and certain broker dealers and financial institutions that have entered into appropriate arrangements with the Fund. These arrangements are generally limited to discretionary managed, asset allocation, eligible retirement plan or wrap products offered by broker-dealers and financial institutions. Shareholders participating in these programs may be charged fees by their broker-dealer or financial institution. The Fund may accept initial investments of smaller amounts in its sole discretion. You can purchase Shares of the Fund only on days the NYSE is open and through the means described below.

Purchases Through Intermediaries. Shares of the Fund may also be available through Service Organizations. Certain features of the Shares, such as the initial and subsequent investment minimums and certain trading restrictions, may be modified or waived by Service Organizations. Service Organizations may impose minimum investment requirements. Service Organizations may also impose transaction or administrative charges or other direct fees, which charges and fees would not be imposed if Shares are purchased directly from the Company. Therefore, you should contact the Service Organization acting on your behalf concerning the fees (if any) charged in connection with a purchase or redemption of Shares and should read this Prospectus in light of the terms governing your accounts with the Service Organization. Service Organizations will be responsible for promptly transmitting client or customer purchase and redemption orders to the Company in accordance with their agreements with the Company or its agent and with clients or customers. Service Organizations or, if applicable, their designees that have entered into agreements with the Company or its agent may enter confirmed purchase orders on behalf of clients and customers, with payment to follow no later than the Company's pricing on the following business day. If payment is not received by such time, the Service Organization could be held liable for resulting fees or losses. The Company will be deemed to have received a purchase or redemption order when a Service Organization, or, if applicable, its authorized designee, accepts a purchase or redemption order in good order if the order is actually received by the Company in good order not later than the next business morning. If a purchase order is not received by the Fund in good order, the Transfer Agent will contact the financial intermediary to determine the status of the purchase order. Orders received by the Company in good order will be priced at the Fund's NAV next computed after such orders are deemed to have been received by the Service Organization or its authorized designee.

For administration, sub-accounting, transfer agency and/or other services, the Adviser, the Distributor or their affiliates may pay Service Organizations and certain recordkeeping organizations a fee (the "Service Fee") relating to the average annual NAV of accounts with the Company maintained by such Service Organizations or recordkeepers. The Service Fee payable to any one Service Organization is determined based upon a number of factors, including the nature and quality of services provided, the operations processing requirements of the relationship and the standardized fee schedule of the Service Organization or recordkeeper.

In addition to fees that the Fund may pay to a Service Organization under a Plan of Distribution for the Investor Class Shares, the Fund may enter into agreements with Service Organizations pursuant to which the Fund will pay a Service Organization for networking, sub-transfer agency, sub-administration and/or sub-accounting services. These payments are generally based on either (1) a percentage of the average daily net assets of Fund shareholders serviced by the Service Organization or (2) a fixed dollar amount for each account serviced by the Service Organization. The aggregate amount of these payments may be substantial.

Shares may also be available on brokerage platforms of firms that have agreements with the Company to offer such shares when acting solely on an agency basis for the purchase or sale of such shares. If you transact in Institutional Class Shares or Investor Class Shares through one of these programs, you may be required to pay a commission and/or other forms of compensation to the broker.

Purchases By Telephone. Investors may purchase additional Investor Class and Institutional Class shares of the Fund by calling (toll free) 1-888-553-4233. If you elected this option on your account application, and your account has been open for at least 7 business days, telephone orders will be accepted via electronic funds transfer from your bank account through the Automated Clearing House (ACH) network. You must have banking information established on your account prior to making a purchase. If your order is received prior to 4:00 p.m. Eastern time, your shares will be purchased at the NAV calculated on the day your order is placed.

Telephone trades must be received by or prior to market close for same day pricing. During periods of high market activity, shareholders may encounter higher than usual call waits. Please allow sufficient time to place your telephone transaction.

Initial Investment By Mail. An account may be opened by completing and signing an account application and mailing it to the Transfer Agent at the address noted below, together with a check payable to the F/m Investments Large Cap Focused Fund.

Regular Mail:

F/m Investments Large Cap Focused Fund

c/o U.S. Bank Global Fund Services
P.O. Box 701
Milwaukee, WI 53201-0701

Overnight Mail:

F/m Investments Large Cap Focused Fund

c/o U.S. Bank Global Fund Services
615 East Michigan Street
Milwaukee, WI 53202-5207

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at the Transfer Agent's post office box, of purchase orders or redemption requests does not constitute receipt by the transfer agent of the Fund. Receipt of purchase orders or redemption requests is based on when the order is received at the Transfer Agent's offices.

All checks must be in U.S. Dollars drawn on a domestic bank. The Fund will not accept payment in cash or money orders. The Fund does not accept post-dated checks or any conditional order or payment. To prevent check fraud, the Fund will not accept third party checks, Treasury checks, credit card checks, traveler's checks or starter checks for the purchase of shares.

Shares will be purchased at the NAV next computed after the time the application and funds are received in proper order and accepted by the Fund. The Transfer Agent will charge a \$25 fee against a shareholder's account, in addition to any loss sustained by the Fund, for any payment that is returned. It is the policy of the Fund not to accept applications under certain circumstances or in amounts considered disadvantageous to shareholders. The Fund reserves the right to reject any application.

Initial Investment By Wire. If you are making your first investment in the Fund, before you wire funds, the Transfer Agent must have a completed account application. You may mail or overnight deliver your account application to the Transfer Agent. Upon receipt of your completed account application, the Transfer Agent will establish an account for you. The account number assigned will be required as part of the instruction that should be provided to your bank to send the wire. Your bank must include both the name of the Fund you are purchasing, the account number, and your name so that monies can be correctly applied. Your bank should transmit funds by wire to:

Wire Instructions:

U.S. Bank, National Association
777 East Wisconsin Avenue
Milwaukee, WI 53202
ABA #075000022

Credit:

U.S. Bancorp Fund Services, LLC
Account #112-952-137

For Further Credit to:

F/m Investments Large Cap Focused Fund
(shareholder registration)
(shareholder account number)

Wired funds must be received prior to 4:00 p.m. Eastern time to be eligible for same day pricing. The Fund and U.S. Bank, N.A. are not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system, or from incomplete wiring instructions.

Subsequent Investments By Wire. Before sending your wire, please contact the Transfer Agent to advise them of your intent to wire funds. This will ensure prompt and accurate credit upon receipt of your wire.

Telephone Purchase. Investors may purchase additional shares of the Funds by calling 1-888-553-4233. If you did not decline this option on your account application, and your account has been open for at least 7 business days, telephone orders, in amounts of \$100 or more, will be accepted via electronic funds transfer from your bank account through the Automated Clearing House (“ACH”) network. You must have banking information established on your account prior to making a purchase. If your order is received prior to 4 p.m. Eastern time, your shares will be purchased at the NAV calculated on the day your order is placed.

In order to arrange for telephone options after an account has been opened or to change your bank account, a written request must be sent to the Transfer Agent. The request must be signed by each shareholder of the account and may require a signature guarantee, signature verification from a Signature Validation Program member, or other form of signature authentication from a financial institution source.

Additional Investments. To make additional investments once you have opened your account, write your account number on the check and send it together with the Invest by Mail form from your most recent confirmation statement received from the Transfer Agent. If you do not have the Invest by Mail form, include the Fund name, your name, address, and account number on a separate piece of paper along with your check. Initial and additional purchases made by check or electronic funds transfer (ACH) cannot be redeemed until payment of the purchase has been collected. This may take up to 15 calendar days from the purchase date. Shareholders can avoid this delay by utilizing the wire purchase option.

Automatic Investment Plan. Once your account has been opened with the initial minimum investment, you may make additional purchases at regular intervals through an automatic investment plan (the “Automatic Investment Plan”). The Automatic Investment Plan provides a convenient method to have monies deducted from your bank account, for investment into the Fund, on a monthly or quarterly basis. In order to participate in the Automatic Investment Plan, each purchase must be in the amount of \$250 or more, and your financial institution must be a member of the Automated Clearing House (ACH) network. If your bank rejects your payment, the Fund’s transfer agent will charge a \$25 fee to your account. To begin participating in the Automatic Investment Plan, please complete the Automatic Investment Plan section on the account application or call the Fund’s transfer agent at 1-888-553-4233 for instructions. Any request to change or terminate your Automatic Investment Plan should be submitted to the Transfer Agent five (5) days prior to effective date.

Retirement Plans/IRA Accounts. The Fund offers prototype documents for a variety of retirement accounts for individuals and small businesses. Please call 1-888-553-4233 for information on:

- Individual Retirement Plan, including Traditional IRAs and Roth IRAs
- Small Business Retirement Plans, including Simple IRAs and SEP IRAs
- Coverdell Education Savings Accounts

There may be special distribution requirements for a retirement account, such as required distributions or mandatory Federal income tax withholding. For more information, call the number listed above. You may be charged a \$15 annual account maintenance fee for each retirement account up to a maximum of \$30 annually and a \$25 fee for transferring assets to another custodian or for closing a retirement account.

Purchases in Kind. In certain circumstances, Shares of the Fund may be purchased “in kind” (*i.e.* in exchange for securities, rather than cash). The securities rendered in connection with an in-kind purchase must be liquid securities that are not restricted as to transfer and have a value that is readily ascertainable in accordance with the Company’s valuation procedures. Securities accepted by the Fund will be valued, as set forth in this Prospectus, as of the time of the next determination of NAV after such acceptance. The Shares of the Fund that are issued to the investor in exchange for the securities will be determined as of the same time. All dividend, subscription, or other rights that are reflected in the market price of accepted securities at the time of valuation become the property of the Fund and must be delivered to the Fund by the investor upon receipt from the issuer. The Fund will not accept securities in exchange for its Shares unless such securities are, at the time of the exchange, eligible to be held by the Fund and satisfy such other conditions as may be imposed by the Adviser or the Company. Purchases in-kind may result in the recognition of gain or loss for federal income tax purposes on the securities transferred to the Fund.

Other Purchase Information. The Company reserves the right, in its sole discretion, to suspend the offering of Shares or to reject purchase orders when, in the judgment of management, such suspension or rejection is in the best interest of the Fund. The Adviser will monitor the Fund's total assets and may, subject to Board approval, decide to close the Fund at any time to new investments or to new accounts due to concerns that a significant increase in the size of the Fund may adversely affect the implementation of the Fund's strategy. The Adviser, subject to Board approval, may also choose to reopen the Fund to new investments at any time, and may subsequently close the Fund again should concerns regarding the Fund's size recur. If the Fund closes to new investments, the Fund may be offered only to certain existing shareholders of the Fund and certain other persons who may be subject to cumulative, maximum purchase amounts, as follows:

- a. Persons who already hold Shares of the closed Fund directly or through accounts maintained by brokers by arrangement with the Adviser;
- b. Employees of the Adviser and their spouses, parents and children; and
- c. Directors of the Company.

Distributions to all shareholders of the closed Fund will continue to be reinvested unless a shareholder elects otherwise. The Adviser, subject to the Board's discretion, reserves the right to implement other purchase limitations at the time of closing, including limitations on current shareholders.

Purchases of the Shares will be made in full and fractional Shares of the Fund calculated to three decimal places.

Certificates for Shares will not be issued.

Good Order. A purchase request is considered to be in good order when all necessary information is provided and all required documents are properly completed, signed and delivered (i.e., the purchase request includes the name of the Fund, the dollar amount of shares to be purchased, your account application or investment stub, and a check payable to the Fund). Purchase requests not in good order may be rejected.

Customer Identification Program. In compliance with the USA PATRIOT Act of 2001, please note that the Transfer Agent will verify certain information on your account application as part of the Company's Anti-Money Laundering Program. As requested on the account application, you must supply your full name, date of birth, social security number and permanent street address. If you are opening the account in the name of a legal entity (e.g., partnership, limited liability company, business trust, corporation, etc.), you must also supply the identity of the beneficial owners. Mailing addresses containing only a P.O. Box will not be accepted. If you need additional assistance when completing your account application, please contact the Transfer Agent at 1-888-553-4233.

Applications without the required information, may not be accepted. After acceptance, to the extent permitted by applicable law or its customer identification program, the Company reserves the right (a) to place limits on transactions in any account until the identity of the investor is verified; or (b) to refuse an investment in a Company portfolio or to involuntarily redeem an investor's Shares and close an account in the event that an investor's identity is not verified. The Company and its agents will not be responsible for any loss in an investor's account resulting from the investor's delay in providing all required identifying information or from closing an account and redeeming an investor's Shares when an investor's identity cannot be verified.

Redemption of Fund Shares

You may redeem Shares at the next NAV calculated after a redemption request is received by the Transfer Agent in good order. The Fund's NAV is calculated once daily at the close of regular trading hours on the NYSE (generally 4:00 p.m. Eastern time) on each day the NYSE is open. You can redeem Shares of the Fund only on days the NYSE is open and through the means described below. You may redeem Fund Shares by mail, or, if you are authorized, by telephone. The value of Shares redeemed may be more or less than the purchase price, depending on the market value of the investment securities held by the Fund.

Redemption By Mail. Your redemption request should be addressed to F/m Investments Large Cap Focused Fund, c/o U.S. Bank Global Fund Services, P.O. Box 701, Milwaukee, Wisconsin 53201-0701, or for overnight delivery to F/m Investments Large Cap Focused Fund, c/o U.S. Bank Global Fund Services, 615 East Michigan Street, Milwaukee, Wisconsin 53202.

A signature guarantee, from either a Medallion program member or a non-Medallion program member, is required in the following situations:

- If ownership is being changed on your account;
- When a redemption is received by the Transfer Agent and the account address has changed within the last 15 calendar days;
- When redemption proceeds are payable or sent to any person, address or bank account not on record; and
- For all redemptions in excess of \$100,000 from any shareholder account.

The Fund may waive any of the above requirements in certain instances. In addition to the situations described above, the Fund and/or the Transfer Agent reserve the right to require a signature guarantee in other instances based on the circumstances relative to the particular situation.

Nonfinancial transactions, including establishing or modifying certain services on an account, may require a signature guarantee, signature verification from a Signature Validation Program member, or other acceptable form of authentication from a financial institution source.

Signature guarantees will generally be accepted from domestic banks, brokers, dealers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations, as well as from participants in the New York Stock Exchange Medallion Signature Program and the Securities Transfer Agents Medallion Program ("STAMP"). A notary public is not an acceptable signature guarantor.

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at the Transfer Agent's post office box, of purchase orders or redemption requests does not constitute receipt by the Transfer Agent of the Fund. Receipt of purchase orders or redemption requests is based on when the order is received at the Transfer Agent's offices.

Redemption By Telephone. If you did not decline telephone options on your account application, you may initiate a redemption of shares in the amount up to the total value of the account by calling the Transfer Agent at 1-888-553-4233.

Investors may have a check sent to the address of record, proceeds may be wired to a shareholder's bank account of record, or funds may be sent via electronic funds transfer through the Automated Clearing House (ACH) network, also to the bank account of record. Wires are subject to a \$15 fee paid by the investor, but the investor does not incur any charge when proceeds are sent via the ACH system.

Once a telephone transaction has been placed, it cannot be canceled or modified after the close of regular trading on the NYSE (generally, 4:00 p.m., Eastern time).

In order to arrange for telephone options after an account has been opened or to change your bank account, a written request must be sent to the Transfer Agent. The request must be signed by each shareholder of the account and may require a signature guarantee, signature verification from a Signature Validation Program member, or other form of signature authentication from a financial institution source.

Telephone trades must be received by or prior to market close. During periods of high market activity, shareholders may encounter higher than usual call waits. Please allow sufficient time to place your telephone transaction.

Before executing an instruction received by telephone, the Transfer Agent will use reasonable procedures to confirm that the telephone instructions are genuine. The telephone call may be recorded and the caller may be asked to verify certain personal identification information. If the Fund or its agents follow these procedures, they cannot be held liable for any loss, expense or cost arising out of any telephone redemption request that is reasonably believed to be genuine. This includes fraudulent or unauthorized requests. If an account has more than one owner or authorized person, the Fund will accept telephone instructions from any one owner or authorized person.

IRA and Other Retirement Plan Redemptions. If you have an IRA, you must indicate on your written redemption request whether or not to withhold federal income tax. Redemption requests failing to indicate an election to have tax withheld will be subject to 10% withholding.

Shares held in IRA accounts may be redeemed by telephone at 1-888-553-4233. Investors will be asked whether or not to withhold taxes from any distribution.

Other Redemption Information. Redemption proceeds for shares of the Fund recently purchased by check or electronic funds transfer through the ACH network may not be distributed until payment for the purchase has been collected, which may take up to fifteen calendar days from the purchase date. Shareholders can avoid this delay by utilizing the wire purchase option. Redemption proceeds will ordinarily be paid within seven business days after a redemption request is received by the Transfer Agent in good order. The Company may suspend the right of redemption or postpone the date at times when the NYSE or the bond market is closed or under any emergency circumstances as determined by the SEC. A Fund typically expects to meet redemption requests by paying out proceeds from cash or cash equivalent holdings, or by selling portfolio securities. In stressed market conditions, redemption methods may include redeeming in kind.

If the Board determines that it would be detrimental to the best interests of the remaining shareholders of the Fund to make payment wholly or partly in cash, redemption proceeds may be paid in whole or in part by an in-kind distribution of readily marketable securities held by the Fund instead of cash in conformity with applicable rules of the SEC and the Company's Policy and Procedure Related to the Processing of In-Kind Redemptions. Investors generally will incur brokerage charges on the sale of portfolio securities so received in the payment of redemptions. If a shareholder receives redemption proceeds in-kind, the shareholder will bear the market risk of the securities received in the redemption until their disposition and should expect to incur transaction costs upon the disposition of the securities. The Company has elected, however, to be governed by Rule 18f-1 under the 1940 Act, so that the Fund is obligated to redeem its shares solely in cash up to the lesser of \$250,000 or 1% of its NAV during any 90-day period for any one shareholder of the Fund.

Good Order. A redemption request is considered to be in good order when the redemption request includes the name of the Fund, the number of shares or dollar amount to be redeemed, the account number, and signatures by all of the shareholders whose names appear on the account registration with a signature guarantee, if applicable. Redemption requests not in good order may be delayed.

Involuntary Redemption. Because the Funds incur certain fixed costs in maintaining shareholder accounts, a Fund may require you to redeem all of your shares in the Fund on 30 days' written notice if the value of your shares is less than the minimum investment requirement for Investor shares (due to redemption), or such other minimum amount as a Fund may determine from time to time. An involuntary redemption constitutes a sale. You should consult your tax advisor concerning the tax consequences of involuntary redemptions. You may increase the value of your shares in a Fund to the minimum amount within the 30 day period. In addition, all shares of a Fund are subject to involuntary redemption if the Board of Directors determines to liquidate the Fund. An involuntary redemption will create a capital gain or a capital loss, which may have tax consequences about which you should consult your tax advisor.

Dividends and Distributions

The Fund will distribute substantially all of its net investment income and net realized capital gains, if any, to its shareholders. All distributions are reinvested in the form of additional full and fractional Shares of the Fund unless a shareholder elects otherwise.

The Fund will declare and pay dividends from net investment income annually. Net realized capital gains (including net short-term capital gains), if any, will be distributed by the Fund at least annually.

The Fund may pay additional distributions and dividends at other times, if necessary, for the Fund to avoid U.S. federal tax. The Fund's distributions and dividends, whether received in cash or reinvested in additional Shares, are subject to U.S. federal income tax.

All distributions will be reinvested in Fund shares unless you elect to receive cash. If you elect to receive distributions and/or capital gains paid in cash, and the U.S. Postal Service cannot deliver the check, or if a check remains outstanding for six months, the Fund reserves the right to reinvest the distribution check in your account, at the Fund's current NAV, and to reinvest all subsequent distributions. You may change the distribution option on your account at any time by telephone or in writing. You should notify the Transfer Agent in writing or by telephone at least five (5) days prior to the next distribution.

More Information About Taxes

The following is a summary of certain United States tax considerations relevant under current law, which may be subject to change in the future. Except where otherwise indicated, the discussion relates to investors who are individual United States citizens or residents. You should consult your tax adviser for further information regarding federal, state, local and/or foreign tax consequences relevant to your specific situation.

Distributions. The Fund contemplates distributing as dividends each year all or substantially all of its taxable income, including its net capital gain (the excess of net long-term capital gain over net short-term capital loss). Except as otherwise discussed below, you will be subject to federal income tax on Fund distributions regardless of whether they are paid in cash or reinvested in additional Shares. Fund distributions attributable to short-term capital gains and net investment income will generally be taxable to you as ordinary income, except as discussed below.

Distributions attributable to the net capital gain of the Fund will be taxable to you as long-term capital gain, no matter how long you have owned your Shares. The maximum federal long-term capital gain rate applicable to individuals, estates, and trusts is currently 23.8% (which includes a 3.8% Medicare tax). You will be notified annually of the tax status of distributions to you.

Distributions of "qualifying dividends" will also generally be taxable to you at long-term capital gain rates, as long as certain requirements are met. In general, if 95% or more of the gross income of the Fund (other than net capital gain) consists of dividends received from domestic corporations or "qualified" foreign corporations ("qualifying dividends"), then all distributions paid by the Fund to individual shareholders will be taxed at long-term capital gains rates. But if less than 95% of the gross income of the Fund (other than net capital gain) consists of qualifying dividends, then distributions paid by the Fund to individual shareholders will be qualifying dividends only to the extent they are derived from qualifying dividends earned by the Fund. For the lower rates to apply, you must have owned your Fund shares for at least 61 days during the 121-day period beginning on the date that is 60 days before the Fund's ex-dividend date (and the Fund will need to have met a similar holding period requirement with respect to the shares of the corporation paying the qualifying dividend). The amount of the Fund's distributions that qualify for this favorable treatment may be reduced as a result of the Fund's securities lending activities (if any), a high portfolio turnover rate or investments in debt securities or non-qualified foreign corporations.

The Fund may make distributions to you of “section 199A dividends” with respect to qualified dividends that it receives with respect to the Fund’s investments in REITs. A section 199A dividend is any dividend or part of such dividend that the Fund pays to you and reports as a section 199A dividend in written statements furnished to you. Distributions paid by the Fund that are eligible to be treated as section 199A dividends for a taxable year may not exceed the “qualified REIT dividends” received by the Fund from a REIT reduced by the Fund’s allocable expenses. Section 199A dividends may be taxed to individuals and other non-corporate shareholders at a reduced effective federal income tax rate, provided you have satisfied a holding period requirement for the Fund’s shares and satisfied certain other conditions. For the lower rates to apply, you must have owned your Fund shares for at least 46 days during the 91-day period beginning on the date that is 45 days before the Fund’s ex-dividend date, but only to the extent that you are not under an obligation (under a short-sale or otherwise) to make related payments with respect to positions in substantially similar or related property.

Distributions from the Fund will generally be taxable to you in the taxable year in which they are paid, with one exception. Distributions declared by the Fund in October, November or December and paid in January of the following year are taxed as though they were paid on December 31.

A portion of distributions paid by the Fund to shareholders that are corporations may also qualify for the dividends-received deduction for corporations, subject to certain holding period requirements and debt financing limitations. The amount of the dividends qualifying for this deduction may, however, be reduced as a result of the Fund’s securities lending activities (if any), by a high portfolio turnover rate or by investments in debt securities or foreign corporations.

If you purchase Shares just before a distribution, the purchase price will reflect the amount of the upcoming distribution, but you will be taxed on the entire amount of the distribution received, even though, as an economic matter, the distribution simply constitutes a return of capital. This adverse tax result is known as “buying into a dividend.”

Sales of Shares. You will generally recognize taxable gain or loss for federal income tax purposes on a sale or redemption of your Shares based on the difference between your tax basis in the Shares and the amount you receive for them. Generally, you will recognize long-term capital gain or loss if you have held your Shares for over twelve months at the time you dispose of them.

Any loss realized on Shares held for six months or less will be treated as a long-term capital loss to the extent of any capital gain dividends that were received on the Shares. Additionally, any loss realized on a disposition of Shares of the Fund may be disallowed under “wash sale” rules to the extent the Shares disposed of are replaced with other Shares of the Fund within a period of 61 days beginning 30 days before and ending 30 days after the Shares are disposed of, such as pursuant to a dividend reinvestment in Shares of the Fund. If disallowed, the loss will be reflected in an upward adjustment to the basis of the Shares acquired.

The Fund (or relevant broker or financial adviser) is required to compute and report to the Internal Revenue Service (“IRS”) and furnish to Fund shareholders cost basis information when Shares are sold. The Fund has elected to use the average cost method, unless you instruct the Fund to use a different IRS-accepted cost basis method, or choose to specifically identify your Shares at the time of each sale. If your account is held by your broker or other financial adviser, they may select a different cost basis method. In these cases, please contact your broker or other financial adviser to obtain information with respect to the available methods and elections for your account. You should carefully review the cost basis information provided by the Fund and make any additional basis, holding period or other adjustments that are required when reporting these amounts on your federal and state income tax returns. Fund shareholders should consult with their tax advisers to determine the best IRS-accepted cost basis method for their tax situation and to obtain more information about how the cost basis reporting requirements apply to them.

IRAs and Other Tax-Qualified Plans. The one major exception to the preceding tax principles is that distributions on, and sales and redemptions of, Shares held in an IRA (or other tax-qualified plan) will not be currently taxable unless such Shares were acquired with borrowed funds.

Backup Withholding. The Fund may be required in certain cases to withhold and remit to the IRS a percentage of taxable dividends or gross proceeds realized upon sale payable to shareholders who have failed to provide a correct tax identification number in the manner required, or who are subject to withholding by the IRS for failure to properly include on their return payments of taxable interest or dividends, or who have failed to certify to the Fund that they are not subject to backup withholding when required to do so or that they are “exempt recipients.” The current backup withholding rate is 24%.

U.S. Tax Treatment of Foreign Shareholders. Generally, nonresident aliens, foreign corporations and other foreign investors are subject to a 30% withholding tax on dividends paid by a U.S. corporation, although the rate may be reduced for an investor that is a qualified resident of a foreign country with an applicable tax treaty with the United States. In the case of a regulated investment company such as the Fund, however, certain categories of dividends are exempt from the 30% withholding tax. These generally include dividends attributable to the Fund’s net capital gains (the excess of net long-term capital gains over net short-term capital losses), dividends attributable to the Fund’s interest income from U.S. obligors and dividends attributable to net short-term capital gains of the Fund.

Foreign shareholders will generally not be subject to U.S. tax on gains realized on the sale or redemption of shares in the Fund, except that a nonresident alien individual who is present in the United States for 183 days or more in a calendar year will be taxable on such gains and on capital gain dividends from the Fund.

However, if a foreign investor conducts a trade or business in the United States and the investment in the Fund is effectively connected with that trade or business, then the foreign investor’s income from the Fund will generally be subject to U.S. federal income tax at graduated rates in a manner similar to the income of a U.S. citizen or resident.

The Fund will also generally be required to withhold 30% tax on certain payments to foreign entities that do not provide a Form W-8BEN-E that evidences their compliance with, or exemption from, specified information reporting requirements under the Foreign Account Tax Compliance Act.

All foreign investors should consult their own tax advisers regarding the tax consequences in their country of residence of an investment in the Fund.

Shares of the Fund have not been registered for sale outside of the United States and certain United States territories.

State and Local Taxes. You may also be subject to state and local taxes on income and gain from Fund shares. State income taxes may not apply, however, to the portions of the Fund’s distributions, if any, that are attributable to interest on U.S. government securities. You should consult your tax adviser regarding the tax status of distributions in your state and locality.

More information about taxes is contained in the SAI.

Distribution Arrangements

The Board has adopted a Plan of Distribution for Investor Class Shares of the Fund (the “Plan”) pursuant to Rule 12b-1 under the 1940 Act. Under the Plan, the Fund’s Distributor is entitled to receive from the Fund a distribution fee with respect to the Shares, which is accrued daily and paid monthly, of up to 0.25%, of the Investor Class Shares, on an annualized basis of the average daily net assets of the Investor Class Shares of the Fund. The actual amount of such compensation under the Plan is agreed upon by the Company’s Board and by the Distributor. Because these fees are paid out of the Fund’s assets on an ongoing basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges. Amounts paid to the Distributor under the Plan may be used by the Distributor to cover expenses that are related to (i) the sale of the Shares, (ii) ongoing servicing and/or maintenance of the accounts of shareholders, and (iii) sub-transfer agency services, sub-accounting services or administrative services related to the sale of the Shares, all as set forth in the Fund’s 12b-1 Plan. Ongoing servicing and/or maintenance of the accounts of shareholders may include updating and mailing the Prospectus and shareholder reports, responding to inquiries regarding shareholder accounts and acting as agent or intermediary between shareholders and the Fund or its service providers. The Distributor may delegate some or all of these functions to Service Organizations. See “Purchases Through Intermediaries” above. The Plan obligates the Fund, during the period it is in effect, to accrue and pay to the Distributor on behalf of the Shares the fee agreed to under the Distribution Agreement. Payments under the Plan are not tied exclusively to expenses actually incurred by the Distributor, and the payments may exceed distribution expenses actually incurred. Institutional Class shares are not subject to any 12b-1 fees.

ADDITIONAL INFORMATION

Householding. In an effort to decrease costs, the Fund intends to reduce the number of duplicate Prospectuses and other similar documents you receive by sending only one copy of each to those addresses shared by two or more accounts and to shareholders we reasonably believe are from the same family or household. Once implemented, if you would like to discontinue householding for your accounts, please call the Transfer Agent toll-free at 1-888-553-4233 to request individual copies of these documents. Once the Fund receives notice to stop householding, we will begin sending individual copies thirty days after receiving your request. This policy does not apply to account statements.

Lost Shareholders, Inactive Accounts and Unclaimed Property. It is important that the Fund maintains a correct address for each shareholder. An incorrect address may cause a shareholder's account statements and other mailings to be returned to the Fund. Based upon statutory requirements for returned mail, the Fund will attempt to locate the shareholder or rightful owner of the account. If the Fund is unable to locate the shareholder, then it will determine whether the shareholder's account can legally be considered abandoned. Your mutual fund account may be transferred to the state government of your state of residence if no activity occurs within your account during the "inactivity period" specified in your state's abandoned property laws. The Fund is legally obligated to escheat (or transfer) abandoned property to the appropriate state's unclaimed property administrator in accordance with statutory requirements. The shareholder's last known address of record determines which state has jurisdiction. Please proactively contact the Transfer Agent at 1-888-553-4233 (toll free) at least annually to ensure your account remains in active status.

If you are a resident of the state of Texas, you may designate a representative to receive notifications that, due to inactivity, your mutual fund account assets may be delivered to the Texas Comptroller. Please contact the Transfer Agent if you wish to complete a Texas Designation of Representative form.

NO PERSON HAS BEEN AUTHORIZED TO GIVE ANY INFORMATION OR MAKE ANY REPRESENTATIONS NOT CONTAINED IN THIS PROSPECTUS OR IN THE FUND'S SAI INCORPORATED HEREIN BY REFERENCE, IN CONNECTION WITH THE OFFERING MADE BY THIS PROSPECTUS AND, IF GIVEN OR MADE, SUCH REPRESENTATIONS MUST NOT BE RELIED UPON AS HAVING BEEN AUTHORIZED BY THE COMPANY OR ITS DISTRIBUTOR. THIS PROSPECTUS DOES NOT CONSTITUTE AN OFFERING BY THE COMPANY OR BY THE DISTRIBUTOR IN ANY JURISDICTION IN WHICH SUCH OFFERING MAY NOT LAWFULLY BE MADE.

FINANCIAL HIGHLIGHTS

The financial highlights tables are intended to help you understand the Predecessor Fund's financial performance for the past five years. The financial information presented for each applicable period is that of the Predecessor Fund. The Fund has adopted the financial statements of the Predecessor Fund. Certain information reflects financial results for a single Predecessor Fund share. The total returns in the table represent the rate that an investor would have earned or lost on an investment in the Predecessor Fund (assuming reinvestment of all dividends and distributions). This information has been derived from the financial statements audited by Cohen & Company, Ltd., an independent registered public accounting firm, whose report, along with the Predecessor Fund's financial statements, are included in the Annual Report dated June 30, 2023, which is available upon request. Information for the fiscal years ended June 30, 2021, 2020, and 2019 was audited by the Predecessor Fund's prior independent registered public accounting firm.

F/m Investments Large Cap Focused Fund Investor Class Financial Highlights

(October 30, 2023)**

FOR MORE INFORMATION

This Prospectus contains important information you should know before you invest. Read it carefully and keep it for future reference. More information about the Fund is available free of charge, upon request, including:

Annual/Semi-Annual Reports

The Fund's annual and semi-annual reports will contain additional information about the Fund's investments, describe the Fund's performance, list portfolio holdings, and discuss recent market conditions and economic trends. The annual report will include fund strategies that significantly affected the Fund's performance during its last fiscal year.

The Fund's annual and semi-annual reports to shareholders may be obtained by calling 1-888-553-4233.

Statement of Additional Information

The Fund's SAI, dated October 30, 2023, has been filed with the SEC. The SAI, which includes additional information about the Fund, may be obtained free of charge, along with the annual and semi-annual reports (once available), by calling 1-888-553-4233. The SAI, as supplemented from time to time, is incorporated by reference into this Prospectus (and is legally part of this Prospectus). The SAI is available by visiting www.fm-funds.com or copy may be obtained by calling 1-888-553-4233.

Shareholder Inquiries

Representatives are available to discuss account balance information, mutual fund prospectuses, literature, programs and services available. Hours: 9:00 a.m. to 8:00 p.m. (Eastern time) Monday-Friday. Call: 1-888-553-4233.

Purchases and Redemptions
